

Reward your customers with Notion.

The Notion Agent Program is specifically designed for independent insurance agents to attract, engage, and retain customers with a offering a Notion Kit at a discounted rate.

WHY NOTION?

Notion is a **smart home monitoring system** designed to keep a home or property safe. Powered by a multifunctional sensor and app, Notion helps proactively protect and prevent loss for things like water leaks or smoke alarms, so **homeowners can act to help prevent small issues from becoming big headaches.** With Notion, your customers can receive alerts for:

- ✓ Water Leaks
- ✓ Temperature Changes
- ✓ Sounding Alarms
- ✓ Open/Closed Windows/Doors

HOW IT WORKS

1. Submit an application for our team to review

2. We'll provide you a unique code to order discounted Notion Kits with 2 sensors

3. Order Notion Kits on behalf of your customers with your code*

4. We'll take care of the rest and ship right to your customer's front door

*You have the option to pay for the kit if your local regulations allow or you can extend the discounted price to your customer.
